# SUSTAINABILITY FOR EVERYONE

Recycled aluminium: quality  
and respect for the environment.

Obliq – a unique product that does not compromise on nature and quality.  
The handle is made with recycled aluminium, an exceptionally resistant material  
that can be re-used infinitely.

# FEATURES

## DESIGN FOR EVERYONE

A minimal solution enhancing the elegance of shapes.

Aesthetics, functionality and ergonomics merge into one product - 100% Made in Italy and co-designed with architect Sergio Baronchelli. Thanks to the concealed rosette the handle is fitting with the style of every door.

## EASY TO INSTALL

Just 3 screws are needed to install Obliq on any door.

Fitting Obliq on the door does not require any special drilling, just 3 standard screws. The thread-locking grub screw allows secure fixing of the handle.

## R1 SYSTEM

CLASS 4 certified assembly system, the highest usage category.

The R1 system, Obliq spring-load assembly system, has obtained CLASS 4 level according to the EN-1906 certification, for highest quality and resistance.

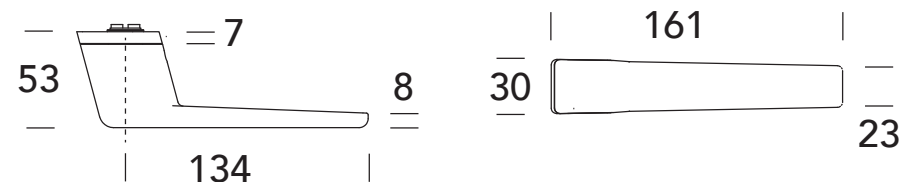

## HIGH RESISTANCE FINISHES

Top-notch quality and resistance:  
certified and tested.

All available finishes are certified GRADE 5 for salt spray corrosion resistance according to EN 1670 certification (GRADE 5 > 480 H excellent resistance). Furthermore, all finishes are certified ISO 0 according to ISO 2409 surface cross hatch test, the highest level for paint resistance and adhesion to surface.
